

Outdoor Advertising Industry Contributions to All Candidates 2001 - 2010

This 2001 to 2010 campaign finance report was compiled by Wilton Rooks, executive director of Scenic Georgia (www.scenicga.org), based on filings made with the Georgia Government Transparency and Campaign Finance Commission. It covers political contributions to Georgia politicians running for state office, and includes donations from the political action committee of the Outdoor Advertising Association of Georgia as well as from some of the individual billboard companies. The report shows that, overall, the cash and in-kind donations from the identified contributors totaled at least \$467,522 over the 10-year period.
