Subject: Re: Phone call Follow-up

Greg, many thanks for this information and for your candor regarding our staff comments. I appreciate that. This information will be extremely useful as I have a call set up with UL early next week. I am also addressing the issue within the Agency regarding staff's very narrow approach to a solution to this problem. I will keep you posted on both fronts.

In the meantime, if there is anything more that you might think of and/or I can assist with, please let me know.

Best regards,
Ann Marie
